

WEAR GREEN TODAY IN HONOR OF IRELAND'S PATRON SAINT

Today is St. Patrick's day. Green will be the reigning color of the day. The sons of the Emerald Isle will once more celebrate the anniversary of the patron saint who drove the snakes from Ireland.

Yesterday afternoon small boys with great bunches of green ribbons and everything else that might tempt the eye of an Irishman were on the streets shouting their wares. Even the boys with shoestrings were out with great bunches of green ribbons and everything else that might tempt the eye of an Irishman were on the streets shouting their wares. Even the boys with shoestrings were out with great bunches of green ribbons and everything else that might tempt the eye of an Irishman were on the streets shouting their wares.

GAMBLING UP AGAIN ENGINE ON A SPREE

Mayor Talks to Burbidge and Burbidge Wants More Authority to Get Results.

Mayor Thompson sent for Captain Burbidge yesterday and gave him some emphatic orders relative to suppressing gambling in the city. The mayor had been informed that gambling, to all appearances, is carried on openly in various parts of the city. He said that he was going to see to it that the city was kept clean and that he was going to see to it that the city was kept clean and that he was going to see to it that the city was kept clean.

Speaking of the matter yesterday, a prominent city official said: "The trouble is that everybody who is in any way responsible for the violation of the anti-gambling ordinance tries to shift the blame onto some one else. The mayor says he gives his orders and his hands are tied. But the trouble is that the mayor is not the one who is responsible for the violation of the anti-gambling ordinance. The trouble is that the mayor is not the one who is responsible for the violation of the anti-gambling ordinance.

"If the owners of the dens refuse to open the doors when admittance is demanded in the name of the law, hammer down the doors and walk in. You can take my word for it, and my word is backed up by knowledge of the law, that not one of the owners of the dens will dare to sue the city for damages. If they do, you can rest assured that the city will sue them for damages. If they do, you can rest assured that the city will sue them for damages.

"The mayor wants to prosecute the gamblers, let the so-called detectives, who are drawing \$100 per month for services, which are worth considerably less, employ detectives. There is no sense in this. There is always a way. I tell you, the gambling houses could be closed if it were really so easy."

DISPLAYS NEW WARES

Lace House Opens Millinery, Cloak and Sheet Music Departments.

Millinery and cloak departments were opened by the Lace House store yesterday. The new departments occupy about 5,000 feet of floor space, which, added to the present quarters, makes a total floor space of 12,000 feet. The new cloak department is placed upstairs in a large room, and the millinery department is placed downstairs in a large room. The new cloak department is placed upstairs in a large room, and the millinery department is placed downstairs in a large room.

SEEKS "BLACK HOLE."

A. L. Nesner Requests to Be Locked Up For Thirty Days.

A. L. Nesner broke into jail yesterday in a rather peculiar fashion. Nesner, who is not a bad-looking fellow and was more neatly dressed than the ordinary "bum" approached Officer Furster on First South street yesterday afternoon and asked to be locked up, saying that he was a slave to liquor. A paper on his chest bore the name of "Black Hole." The man had been drinking some, but was not drunk when he gave himself up, but was put in jail in response to his request. If his ambition to serve thirty days in the "black hole" used by the city as a home of correction for the morally infirm is not lessened by one night's lodging therein, he will probably have his wish granted by Judge Diehl.

So Sweet and Pleading in Taste!

Mrs. C. Peterson, 625 Lake St., Topeka, Kan., speaking of Ballard's Horehound Syrup, says: "It has never failed to give entire satisfaction, and of all cough remedies, it is my favorite, and I must confess to my many friends that it will do, and has done, what is claimed for it—speedily cure a cough or a cold; and it is so sweet and so pleasing in taste." \$2c. 50c and \$1.00 bottles at Z. C. M. L. drug department.

The Spring Patterns

In colored shirts never so attractive as for this season. We invite your inspection of our new lines. BROWN, TERRY & WOODRUFF CO., 166 Main Street.

Gloves

For street, driving and evening wear, the new shades to show you. BROWN, TERRY & WOODRUFF CO., 166 Main Street.

Is entitled to the piano given away yesterday by the Paris Millinery company.

SEEKST THOU FOR A NEW AND BETTER LIFE POOR SUFFERER.

Paine's Celery Compound

Will Give You That Health That Leads to True Earthly Happiness.

Who dare deny the assertion that Paine's Celery Compound makes sick people well and happy? Physicians and the tens of thousands saved from the perils of disease and plucked from the grave, have given proof that the wonderful medicine is a life saver. Today, Paine's Celery Compound is the one true and guaranteed specific remedy and prescribed for all diseases arising from a debilitated system. It is a useful cure for insomnia, rheumatism, liver and kidney troubles. For all such complaints Paine's Celery Compound has done marvelous things and triumphed when all other means failed. Mr. J. G. Lamson, Prairie Village, Ill., gratefully writes about his restoration to health as follows:

"I am nearly seventy-five years old, and have put off being carried to the grave-yard and gone to farming again. Paine's Celery Compound is my life and strength. It has raised me from a low condition of life to the best of health. When I first commenced with the Compound, I was under a doctor's care, and weighed 130 pounds. I am well and feel well, and my neighbors all congratulate me upon my good healthy looks."

NINE SMALLPOX CASES

Refusal to Be Vaccinated and Disobedience of Quarantine Regulations Responsible.

Refusal to be vaccinated after having been exposed to the disease, and defiance of the quarantine rules by remaining at home while under treatment, were largely responsible for the nine cases of smallpox which were yesterday reported to the board of health. Four of the patients are in one family, that of Mrs. Julia D. Druce, residing at 131 Mead street, and three in the Hansen family, who live at 1026 South Eleventh East street.

The members of the Druce family who are suffering with smallpox are Mrs. Druce, aged 27; Willis, 8; Rossa, 2; and Richard, aged 3 years. They contracted the disease from Harry Druce, the father, aged 31, who was placed in quarantine on March 3. The mother refused to be vaccinated and declined to let the officers take the sanitary precautionary measures with her children. The result is that they are now all sick with the disease.

The three members of the Hansen family who are ill are Lucinda, aged 13; Alexander, aged 5; and Jeanette, 3 years of age. The mother, Mrs. Hansen, is convinced they contracted the disease by coming in contact with some person who had violated the quarantine regulations, and had not remained in their house when ordered to do so.

The other two cases of smallpox reported are W. J. Anderson, aged 22, who resides at 51 South Eleventh West street, and Shirley Cowan, aged 21, of 613 South Third West street. The board has become thoroughly convinced that smallpox is being spread daily through people violating quarantine regulations, and by others who have very mild cases, refusing to report them. To break up this practice, in either instance the officials have determined to make an example of Rufus Hardy, who lives at 149 East Ninth South street.

He contracted the disease some days ago. His case was a mild one, and he neglected to report it to the health authorities. They would never have known otherwise had it not been for the neighbors, who became alarmed at the outbreak of the disease. Hardy not only had the disease, but was in the habit of going wherever he felt inclined, regardless of consequences. Just as soon as the board learned he recovered it is the present intention of the board to prosecute him.

The members of the Hansen family, who live in a neighborhood where quarantine regulations are so often violated, have been notified they will be prosecuted if they do not remain within their home.

IN THE COURTS.

Judge Morse of the criminal division of the district court did not sign the order yesterday for the special grand jury for the April term. It was anticipated that he would. But for reasons best known to himself, he did not sign the order. There is no hurry in the matter, as the grand jury has almost two weeks in which to sign the order. As soon as it is signed the county clerk will draw the names of the grand jury. The grand jury will be sworn in on the first day of the term. It is not expected that the evidence will take up more than four days, and possibly not that much.

The Miles Romney murder case will come up for trial before Judge Morse tomorrow morning at 10 o'clock. He is charged with murder in the second degree in fatally shooting William Strong one Sunday afternoon several months ago. The man lived a little over six days and eighteen hours. There is a possibility that the case may consume a week or ten days. The district attorney will have the names of the grand jury drawn. It is not expected that the evidence will take up more than four days, and possibly not that much.

The taking of evidence here for the plaintiffs in the suit brought by the mother and sisters of the late William S. Haynes against the Travelers' Insurance company of Chicago to recover \$2,000 life insurance, was completed before United States Commissioner Twomey yesterday afternoon. The taking of evidence in behalf of the defense in the suit will commence in a few days.

Dolores E. Meinecke has brought suit for divorce against John Meinecke on the grounds of cruelty and intemperance. The couple were married at Park City August 19, 1895.

Federal Judge John A. Riner will not arrive in Salt Lake until next Monday. He will hold court at 2 p. m. on that day.

A suit to recover damages in the sum of \$10,000 was filed in the federal court yesterday. The suit is brought against the Portland Cement company by Heber W. Hartley as administrator for the estate of George W. Howe. Howe was employed by the company as a laborer. He died of a heart attack while working for the company.

GIVES TITHE OF BOUNTY

Idaho Sugar Company Voluntarily Relinquishes a Tenth of Legislative Grant to Farmers.

One-tenth of all bounties received from the state of Idaho by the Idaho Sugar company will be distributed among the best producers of that corporation. Such was the plan adopted yesterday at its first regular meeting. The proposal was adopted with the idea of assisting the friends of the Idaho farmers, in consideration of the action of the state legislature in granting the bounty. The idea is to distribute the tenth in proportion to the tonnage of beets sold by each farmer to the company.

The new directorate, consisting of President Joseph F. Smith, John R. Under, Thomas B. Clegg, W. S. McCormick, Louis Smith, John C. Cutler, Heber J. Grant, Soren Hansen, George C. Parkinson and Secretary-Treasurer H. G. Whitney, was present, with the exception of Mr. Grant and Mr. Parkinson. Mark Austin, the local manager for the company at Idaho Falls, was appointed the manager of the company in that state.

A large amount of accumulated business was transacted relating to the purchase of machinery and the planting of this year's crop. Rids for the contracts with farmers throughout Idaho will be advertised in the Idaho papers along with the offering of a tithe so as to stimulate production. The regular meeting of the Utah Sugar company directorate also was held yesterday. Manager Cull reported that he had made a contract for increasing the capacity of the machinery at Bear River from 350 to 600 tons a day.

GIVEN LONG SENTENCE.

Towa City, Ia., March 15.—Mrs. Gallagher, convicted of perjury in the trial of Charles Holaday for the murder of her husband, was today sentenced to fifteen years in the penitentiary.

W. A. COOK, M. D.

Mrs. Fairbanks tells how neglect of warning symptoms will soon prostrate a woman. She thinks woman's safeguard is Lydia E. Pinkham's Vegetable Compound.

"Ignorance and neglect are the cause of untold female suffering, not only with the laws of health but with the chance of a cure. I did not heed the warnings of headaches, organic pains and general weariness, until I was well nigh prostrated. I knew I had to do something. Happily I did the right thing. I took Lydia E. Pinkham's Vegetable Compound faithfully according to directions, and was rewarded in a few weeks to find that my aches and pains disappeared, and I again felt the glow of health through my body. Since I have been well I have been more careful. I have also advised a number of my sick friends to take Lydia E. Pinkham's Vegetable Compound, and they have never had reason to be sorry. Yours very truly, MRS. MAY FAIRBANKS, 216 South 7th St., Minneapolis, Minn."

"Mrs. Fairbanks is one of the most successful and highest salaried traveling saleswomen in the West."—\$5000 for life if origin of above letter printed in genuine cannot be produced.

When women are troubled with irregular, suppressed or painful menstruation, or with any other ailment, remember, there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

To Men Whose Strength Is Gone.

Dyspeptics, men with varicose veins, vital weakness, nervous debility: You can be cured by Dr. McLaughlin's Electric Belt.

IT RESTORES MANHOOD. Give me a man broken down from excess, or from the result of early mistakes—one of those men who have lost vitality—and I will make him feel like a youth within a month. How? You ask. Simply by putting a vital stream of electricity into his body in the right way while he is sleeping. It does wonders in a few applications. It arouses all the dormant energies, develops muscular and nerve life, and restores that feeling of youth, courage and manhood. It makes men over; it makes men of the puniest, weakest specimens of "half men."

The failure of the electric belt, and even of other so-called electric belts, is no argument against Dr. McLaughlin's Electric Belt. No other treatment, no other belt, is in the same class with it. Everything else may fail, but Dr. McLaughlin's will cure it. It has cured thousands who tried other remedies without success.

I will send you my beautifully illustrated book with full information. Write now. Don't delay.

DR. M. B. McLAUGHLIN

931 16th Street, Denver, Colo.

SKIN DISEASES THE OUTCROPPING OF BAD BLOOD

And while not always painful are aggravating beyond expression. With few exceptions they are worse in spring and summer when the system begins to thaw out and the skin is reacting and making extra efforts to throw off the poisons that have accumulated during the winter. Then boils and pimples, rashes and eruptions of every conceivable kind make their appearance, and Eczema and Tetter—the twin terrors of skin diseases—Nettle-rash, Poison Oak and Ivy, and such other skin troubles as usually remain quiet during cold weather, break out afresh to torment and distract by their fearful burning, itching and stinging. A course of S. S. S. now will purify and enrich the blood, reinforce and tone up the general system and stimulate the sluggish circulation, thus warding off the diseases common to spring and summer. The skin, with good blood to nourish it, remains smooth and soft and free of all disfiguring eruptions.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

I suffered with Eczema of the hands and face for over a year, it was not only annoying and painful but very unsightly, and I disliked to go out in the streets.

I tried at least a dozen soaps and salves and became very much discouraged until I read in the paper of the cures performed through the use of S. S. S. I had little faith at first, but determined to give it a month's fair trial at least. I am pleased to state that I soon noticed a slight improvement, sufficient to decide to give it the use of six bottles my skin was as smooth and soft as a baby's. This was a year ago and I have never had any trouble since.
